SPECIAL MAIL-BID AUCTION OF TRANSPORTATION TOKENS

CLOSING DATE: JULY 17, 1972

PRICES REALIZED $1.00

We are proud to annouce that we have recently purchased the transportation token collection from the estate of a prominent Dayton, Ohio collector. This collection is so large and varied that we have decided to depart from our usual scheme of things and conduct this special mail-bid auction containing only transportation tokens.

This auction is divided into two parts; the first containing only tokens cataloging $1.00 or more. There will be no minimum bids placed on this section and the highest bid will be reduced to a reasonable figure over the second highest bid. However, in no event will any bid in this section be reduced to less than 5 times catalogue value. The second section of the sale contains tokens cataloging less than $1.00. Please check this section carefully as there are many "sleepers" here. There will be a 50¢ minimum bid on tokens in this section.

OTHER RULES GOVERNING THIS SALE

1. Purchasers of $200.00 or more may choose to pay their invoice in two installments; ½ due at time of receipt of tokens and ½ due in 30 days.
2. Telephone bids will be accepted, however, in no event will the amount of the current high bid be divulged. There will be no exceptions to this rule.
3. All successful bidders will be billed for postage and insurance. Unless otherwise requested, all lots will be sent air mail insured.
4. Amount of invoice is due immediately upon receipt of lots.

There were many lower value tokens in this collection which we did not think worthy of auction. We will sell these in lots of 100 for $10.50 postpaid. There should not be more than a couple of duplicates in each lot. Your satisfaction is guaranteed.
